MEMORANDUM FOR: COMIREX Members and Consultants

SUBJECT: Revised Charter for CAMS Task Force ☐

STAT

I have attached for your information and record a revised charter for the "COMIREX Automated Management Systems (CAMS) Task Force." The revision provides for the following principal changes:

- o The name has been changed to "CAMS Task Force" (From "CAMS II Task Force")
- o The Task Force reports directly to the Chairman, rather than to the COMIREX Imagery Planning Subcommittee (IPS).
- o The functions "d" and "e", which implement mission "b", have been added.

CAMS Task Force

1. Mission

Consonant with COMIREX guidance and direction, the CAMS Task Force will:

- a. Review, define and update community requirements for CAMS support.
- b. Review and coordinate the requirements for support and exchange of data over the interfaces among all national imagery ADP support systems.

2. Functions

- a. Review, revise and prioritize the CAMS functional requirements.
- b. Review the design implementation of the CAMS Processing and Tasking Segment as related to user capabilities and recommend changes.
- c. Coordinate the development of policy and procedures relating to the implementation of CAMS in community organizations.
- d. Coordinate functional requirements for the interfaces among all national imagery ADP support systems.
- e. Review plans and schedules for interface modifications and recommend changes to national imagery ADP support systems.

3. Composition and Organization

- a. The Task Force chairman will be designated by the Chairman, COMIREX. The Task Force Chairman will provide status reports to the COMIREX and, as required, to the Imagery Planning Subcommittee and the Operations Subcommittee.
- b. The Task Force members will consist of representatives from each COMIREX member or consultant organization supported by CAMS.
